35th Foundation Day of IIM Lucknow

“From a humble beginning to a glorious landmark” –IIM Lucknow celebrated its 35th foundation day this week. 35 years back, the foundation stone was laid on 27th July 1984.

The festivities started from 20th July 2019, with various sporting events for the entire IIML community members (students, employees and their families).

Following sporting events (Power Lifting, Deadlift, Bench Press, Snooker, Squash, Table Tennis, Gym, Squash, Badminton and Swimming) were organised for the IIML community members. These events saw active participation by the employees, family members of the employees and the students.

On 27th July 2019 the festivities started with Tree Plantation Drive in the morning. More than 200 trees with medicinal properties including Neem, Jamun and Mahuha were planted. The drive was started by the Director Dr. Archana Shukla planting a Neem tree. Faculty members, staff members and students actively participated in the drive. Speaking about the drive, Dr. Archana Shukla, Director, IIM Lucknow said that saving the environment is the most important agenda today globally. IIM Lucknow has always believed in focusing on saving the environment, be it creating and maintaining the green cover or recycling of water or rainwater harvesting. This drive had a specific reason too – in the coming three months IIM Lucknow would be focussing on infrastructure development (a necessity to cater to future infrastructure requirements due to EWS reservation guidelines), this drive was compensatory plantation to minimise the effect of construction in the coming months. She added that further the institute plans to focus on creating exclusive areas for Medicinal plants to create awareness of the same and also as a conservationist step.

In the evening a Cross Country run was organised. Employees and students participated in the same with full vigour and excitement. The festivities ended with a cultural nite.
