# BS (ARTIFICIAL INTELLIGENCE & BUSINESS ANALYTICS ) 4 YEARS

Rooted in the academic excellence and intellectual rigour of IIM Lucknow, the Bachelor of Science in Artificial Intelligence is a future-focused programme integrating advanced AI and business analytics with business, management, and ethics.

Designed to meet the global shift toward specialised AI education, the programme prepares students to develop, manage, and govern intelligent systems responsibly in complex, real-world contexts.

**ELIGIBILITY**

- 10+2
- Qualifying Rank in JEE Advanced

# TECH MBA (2 YEARS)

**ELIGIBILITY**

- Valid CAT score (Detailed admission policy will be notified later

The Tech MBA in Artificial Intelligence and Digital Transformation is a forward-looking 2-year regular MBA programme designed for the next generation of technology leaders.

Blending advanced AI capabilities with core management disciplines, the programme prepares professionals to translate emerging technologies into scalable business value while navigating ethical, regulatory, and societal considerations.

# INTEGRATED B.S. & TECH MBA (5 YEARS)

The Integrated Dual Degree Programme in Artificial Intelligence and Technology Management (B.S. in Artificial Intelligence + Tech MBA) is specifically designed for students aspiring to earn a graduate degree in Artificial Intelligence in conjunction with an MBA.

Its unique structure enables students to complete both graduation and an MBA within five years, preparing them for leadership roles at the intersection of technology, business, and society.

## THE IIM LUCKNOW ADVANTAGE

- Legacy of Academic Excellence
