Reference: RFQ for Sale of Scrap Items dated 07 October 2026
RFQ Reference No.: IIML-NC/PUR/SALE SCRAP/2026-27/01

With reference to the above-mentioned RFQ, it is hereby clarified that the quantities of various scrap items mentioned in the RFQ are indicative/approximate only and shall not be treated as fixed or final quantities. Please remove the quantity column

The actual quantity of each category of scrap material shall be determined through physical weighing at the time of lifting/removal of the material from the Campus. The successful bidder shall be required to pay the Institute for the actual quantity of scrap material lifted, at the respective rates quoted by the bidder for the corresponding categories of scrap items.

Accordingly, the total sale consideration payable to the Institute shall be calculated on the basis of the actual weight of each category of scrap material, duly recorded and verified by the Institute, multiplied by the respective rates quoted by the successful bidder.

All other terms and conditions of the original RFQ shall remain unchanged.

This corrigendum shall be read as an integral part of the above-referenced RFQ.
